Quality Cabinetry. Reliable Inventory. Stronger Partnerships.

JWQ Cabinetry: Your Trusted Partner

JWQ Cabinetry is a trusted wholesale cabinetry partner serving dealers, builders, and design professionals throughout the Northeast and across the United States. We combine quality cabinetry, dependable inventory, competitive pricing, and responsive service to help our partners deliver successful projects on time and within budget.

With a wide selection of styles, finishes, and customization options, JWQ provides solutions for projects ranging from residential renovations to large-scale developments. Our commitment to product quality, consistent availability, and efficient fulfillment helps reduce delays and keep projects moving.

More than a supplier, JWQ is a business growth partner. We support our dealer network with dependable product availability, professional design resources, project consultation, and responsive customer service. By simplifying procurement and helping our partners deliver exceptional results, we enable them to focus on what matters most—building relationships, winning projects, and growing revenue.

orders@jwqcabinetry.com

2001 Elizabeth St, North Brunswick, NJ 08902

Order Placement

Orders can be submitted by fax to 888-346-7821 or by email: orders@jwqcabinetry.com. No telephone orders will be accepted.

Order Acknowledgement and Approval

Your order will be acknowledged by “Order Acknowledgement” from us to be faxed or emailed back to you within 24 hours of receipt except for weekends and holidays. If, in this time frame, you don’t receive Order Acknowledgement from us, please contact us immediately. Once you receive your Order Acknowledgement from us, please review, approve/confirm and fax or email it back to us. Your order can't be processed in our warehouse unless your order approval/confirmation is received in writing. If your order approval/confirmation is not received by us within 10 business days, your order will be deleted from our computer system.

Order Changes

Make any necessary changes on Order Acknowledgement you receive BEFORE sending back your approval/confirmation. JWQ will re-issue a revised Order Acknowledgement for you to sign approval/confirmation. Changes and cancellations made AFTER your order has been processed may be subject to a 25% restocking fee for Assembled and 15% for KD.

Assembly and Alteration

Cabinet assembly fees are given in a separate fee document. Small alterations (e.g. cut cabinet depth, modify oven pantry) to cabinets are available at an additional fee. Fees may vary depending on the actual alteration jobs. Please contact the JWQ office regarding your alteration requirements and related fees.

Delivery

JWQ provides delivery services to the dealer's store, jobsite, or homeowner's home. Unless in-house delivery is specified and arranged, all deliveries are curbside only. Please arrange personnel to offload your order upon arrival; otherwise, the delivery will be rescheduled, and a new delivery fee will be issued.

Pick-Up

You may pick up your orders at the JWQ warehouse. Please indicate on your purchase order if you intend to do so. JWQ personnel are available to assist with loading free of charge. If an order is not picked up within 1 month after the completion date, as communicated to you by JWQ, then JWQ reserves the right to charge a monthly \$100 storage fee for each order that remains at the warehouse after the 1 month grace period

Limited Product Warranty

JWQ Cabinetry warrants its products to be free of manufacturing defects in material and workmanship for five years from the date of purchase for stained products, and two years for painted products. This warranty applies for products involved in residential use only and is strictly non-transferable.

How to Submit a Warranty Claim

Warranty claims cannot be made directly to JWQ Cabinetry by the end-user customer. All homeowner purchasers and other end-user customers must request the dealers/distributors they purchased from to file the claim accordingly. All claims for consideration must be submitted in writing (via e-mail or fax) and must include a copy of the original dated sales receipt(s) or invoice(s) as proof of purchase, along with evidence of defective items through representative photos.

What This Warranty Does Not Cover

JWQ Cabinetry's limited warranty does not cover products that have been mishandled, misused, installed, modified, or subject to excesses of moisture or extreme temperatures, negligence, or normal wear and tear. The product must be used exclusively for its deliberate purpose to qualify under this warranty intended to cover manufacturing defects only.

Labor and Service Exclusions

This warranty does not cover the cost of any labor and services including but not limited to product installation and removal. Because JWQ Cabinetry is solely the product wholesaler, authorized dealers handle all installation services from start to finish and if applicable, can provide more detail on separate labor warranties.

Natural Variations and Color Changes

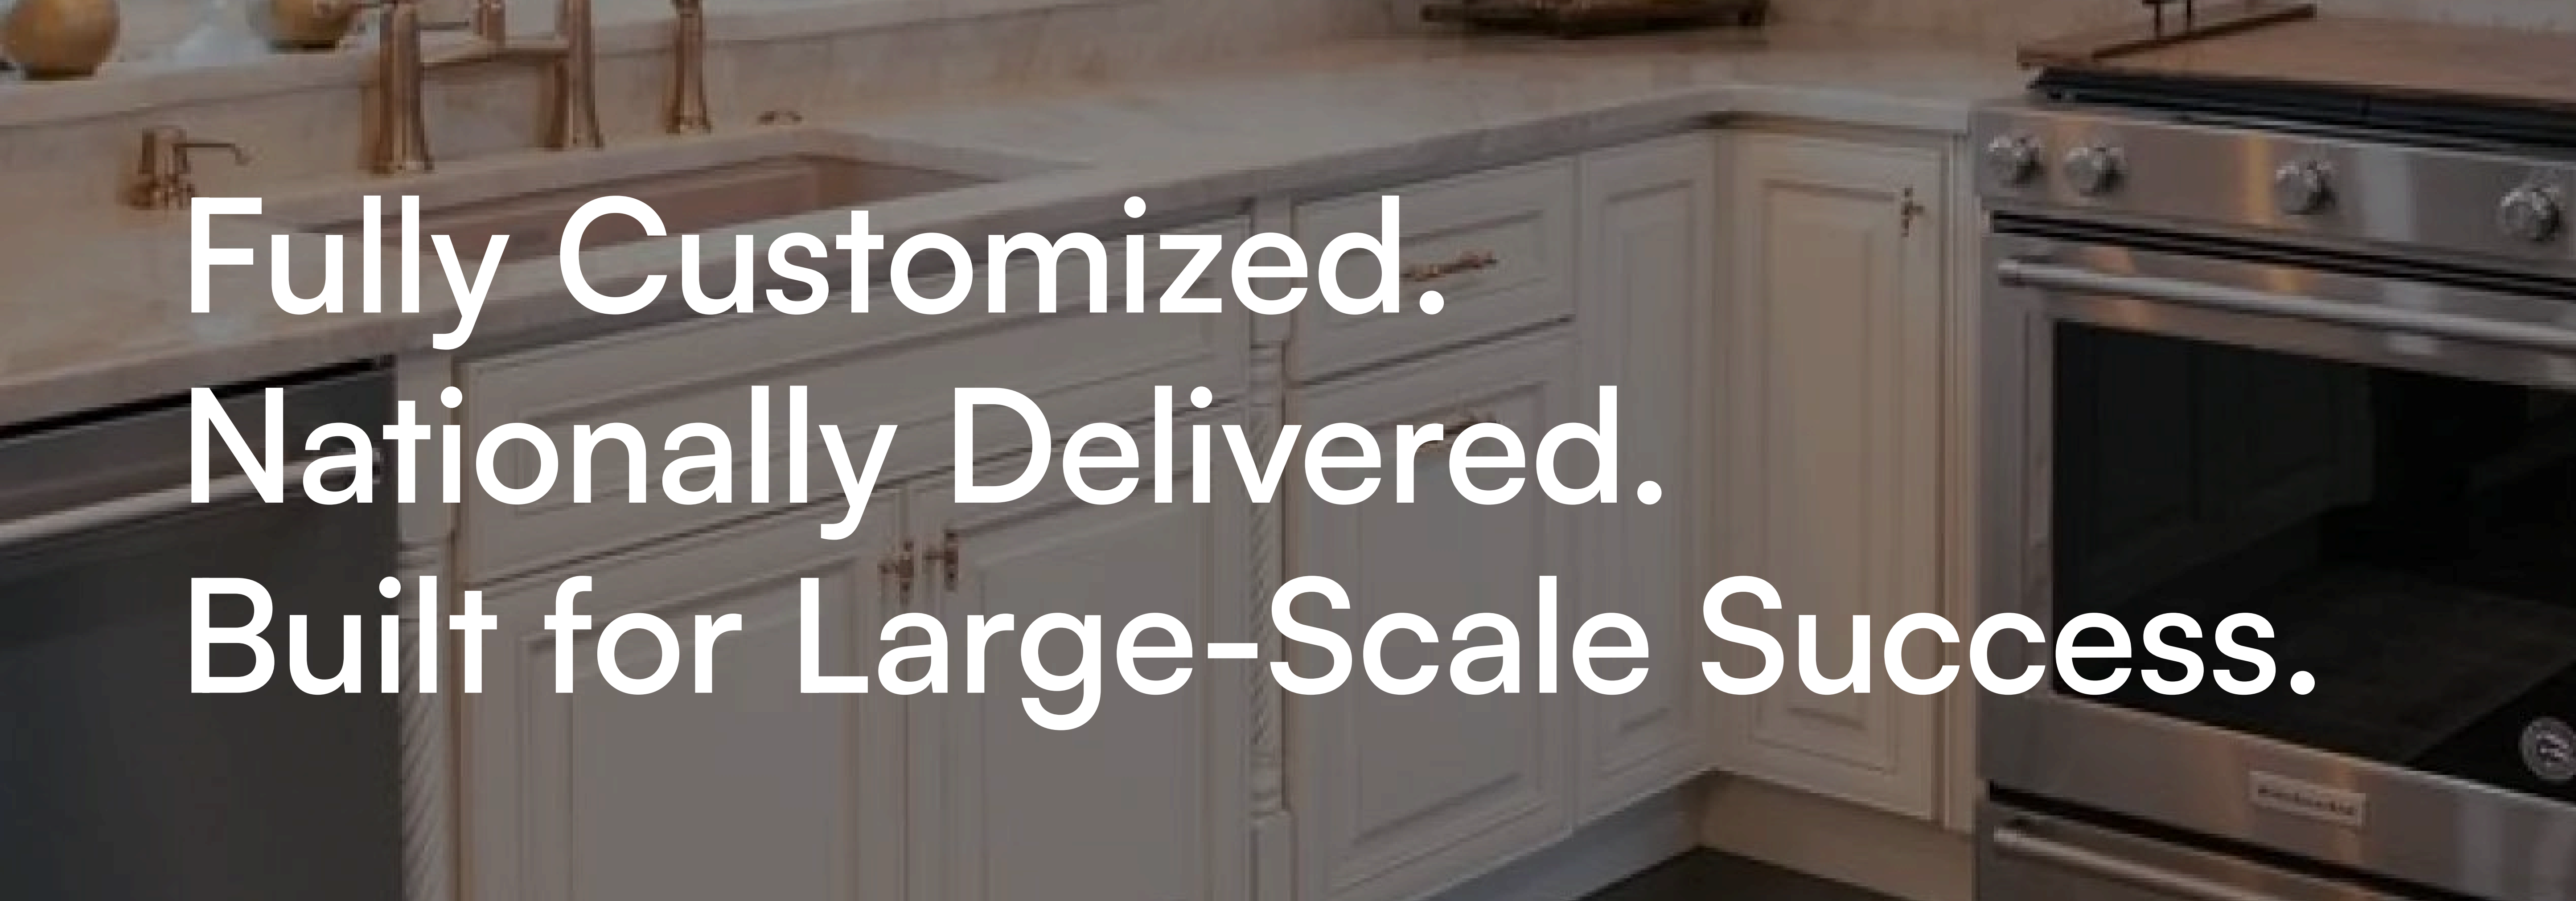

As natural wood materials vary in color, characteristics, and naturally exhibit subtle changes as they age, color matches may be affected over time. Sunlight, smokes from cooking and other activities, cleaning chemicals, and all other environmental conditions may also affect the color matches over time. Such related changes in accordance with natural and environmental conditions with the nature of the material are not covered under this warranty.

Product Changes and Replacement Parts

As JWQ Cabinetry's products are always subject to change, it is up to JWQ Cabinetry to alter any in stock and future lines such as design, specifications, and material of new and existing products without direct obligation to account for products previously manufactured and distributed. As such, some replacement parts can only be subject to availability, and may potentially differ from those originally supplied.

JWQ Cabinetry's Final Decision and Remedies

It is ultimately to JWQ Cabinetry's discretion to approve or reject submitted claims. If said claim accurately qualifies under above listed stipulations, JWQ Cabinetry will replace respective parts to be shipped to you at JWQ Cabinetry's cost using the most common carriers (UPS, USPS, FedEx, etc.). Claiming parties will also have the option of picking up replacement products, pieces, and materials at the JWQ Cabinetry warehouse.

Fully Customized. Nationally Delivered. Built for Large-Scale Success.

Custom Cabinetry at Scale, Tailored to Your Projects Nationwide

For projects that require greater design flexibility, JWQ Cabinetry offers fully customized cabinetry solutions delivered nationwide. Designed for partners seeking tailored products at scale, our custom cabinetry program provides virtually unlimited options to meet the unique requirements of any project.

Customize every aspect of your cabinetry, including cabinet dimensions, door styles, wood species, colors, finishes, construction details, storage solutions, and specialty features. Whether you're designing luxury residences, multifamily developments, senior living communities, hospitality projects, or large-scale custom homes, JWQ can create cabinetry built to your exact specifications.

To maximize value and shipping efficiency, custom orders are fulfilled through container freight shipping and are best suited for larger projects and volume purchases. Our team works closely with partners throughout the design, specification, and production process to ensure every detail aligns with project requirements.

From coast to coast, JWQ delivers custom cabinetry directly to your warehouse or job site, providing a seamless solution from manufacturing to final delivery. With nationwide reach, competitive pricing, and dedicated project support, we help our partners bring custom visions to life while maintaining efficiency, consistency, and cost control.
